Frequently Asked Questions.

1. Who issues import permit for broken rice used as animal feed? DOA Sarawak (Plant Biosecurity & Quarantine Division – PBQ)
2. Who regulates broken rice for human consumption? This falls under the authority of Kawalselia Padi & Beras (KPB) and requires a permit from KPB.
3. Will the consignment be inspected upon arrival? Yes. All consignments will undergo PBQ inspection to ensure they are free from pests & diseases before clearance.
4. Can broken rice imported for animal feed be used for human consumption? No.
5. Is transit to Kalimantan via ICQS Tebedu allowed? No. Indonesia prohibits the import of rice, including broken rice, through PLBN Entikong.
